

# TLA BLAZE

MARCH 2015

## CONGRATULATIONS

### THE FINAL S T R E T C H

Among all the amazing gifts of God to mankind, there is one in particular which gives us the opportunity to write our own story. It is called FREE WILL. Even if God knows our innermost being, He still gave us the ability to choose the path to take when making important decisions in life.

### Everyone Has A Story

What is your story? We are certain that you will have varied responses as each story is as colorful as the other. However, sometimes as adults we do tend to overlook the stories our children have to tell.

We assume that all is well since we get to provide for their needs (and

individuals who are not only academically equipped, but with firm spiritual values as well.

No matter what kind of challenges may lie ahead, having a faithful God, supportive and loving family, both in school and at home, we are sure to be able to choose the right path.

sometimes even their wants). But have you really found the time to sit down and ask your child about his or her story?

We may think their lives are full of drama but at this point, that drama could very well be the defining moment when they can become better individuals.

As this school year comes to an end, we are thankful for the opportunity to be a part of the growth of your children. We are also grateful for the willingness to embrace the TLA culture where learning is fun, where your children's needs always comes first, and where each member of the community is a part of the TLA family.

We look forward to being able to partner with you in the challenging yet fulfilling task of raising God-loving children.

Sharing our thoughts, problems, and future plans with our children will give them the feeling that you value their opinion. It also cues them in to be more open about their plans.

Go ahead, start sharing your stories today. :)
